

Milanče

An e-learning Platform

Mirjana Lazor
Elementary and Secondary Boarding School
"Milan Petrovic", Novi Sad, Serbia
February 2016, Vienna

Aim

To increase education accessibility for all children, especially those who do not attend school

To create the environment which would enable children to get knowledge from key subjects necessary to finish primary school or to continue education

Professional Philosophy

- All children can learn
- Learning is a pleasant activity in a pleasant and safe environment
- Attractive and child appealing contents
- Accessibility matters
- ICT can enhance quality of education

Challenges

- Struggling with prejudices – changing beliefs
- To sensitise, inform and educate pupils, teachers, parents and members of wider community
- Assistive technology and portal

Milanče

- Founded in 2008
- Based on software “Moodle”
- Variety of audio and video materials
- Elementary and secondary school content
- School without classes or grades, available at all times
- Usage completely free of charge

Contents

- Concrete and simple
- Dynamic and obvious
- Grouped by themes, not classes
- Each student chooses contents regarding her/his needs
- Tests are part of every lesson, but not meant for grading

Facts and figures

- 1,500 to 2,000 visitors per month
- 246 lessons created so far
- More than 30 people have been trained to produce lessons for the e-learning platform
- The content is available to teachers and students from both regular and special schools
- Used both for independent learning and as an addition to regular classes

Classroom usage

- Makes educational process more dynamic
- Overcomes basic deficiency of distance learning
- Enables individual approach
- Facilitates the process of knowledge check and self-check
- Facilitates teaching preparation process

Achievements, so far...

- Created distant learning conditions for all children, including children with disabilities
- Made a lot of lessons with additional materials (dictionary, tests, tasks, links to external contents...)
- Disseminated info about Milanče through informing teachers and other specialists at seminars and lectures
- Improved and modernized education process in computer classrooms
- Promoted education and distance learning possibilities
